Annual Meeting Held June 12

Our Annual meeting on June 12 was very successful! Attendance was great and members were pleased with the presentations.

President, Jim Perrier, presented a run down of FoW activities including the progress with the Harbor Walk signs, many of which are already installed. He also noted FoW action on behalf of public access as Brown and Howard, Lees, and West Howard Wharves are being developed. Public rights of way are constantly in danger of infringement and Jim has represented FoW's (and the public) interest with letters, testimony and meetings.

Jim reported that Mary Ferrazzoli Park is nearing completion. Two benches were ordered for the park. The Historic Marker panel and sign should be completed by late summer.

Jim introduced guest speaker Scott Wheeler, who gave a most impressive summary of the work his department has done on the waterfront from the Van Zandt Ave. pier down to the Rochambeau wall at King Park.

Jim presented Scott with our Annual "Special Friend of the Waterfront" award in appreciation for his exceptional work and cooperation.
